

FSOA (ENGLAND AND WALES) FUNDED VIDEO SURVEILLANCE SCHEME:

The below offer does NOT include Premier League Football Clubs or clubs that are not paying members of the association

Aims:

- To enable FSOA members to update and enhance their video surveillance solutions to meet the modern challenges faced by today's stadiums
- To implement latest technological advancements in surveillance in a cost effective manner
- To improve stability and resilience in the surveillance system
- To ensure captured incidents are of evidential quality and sound for use as evidence

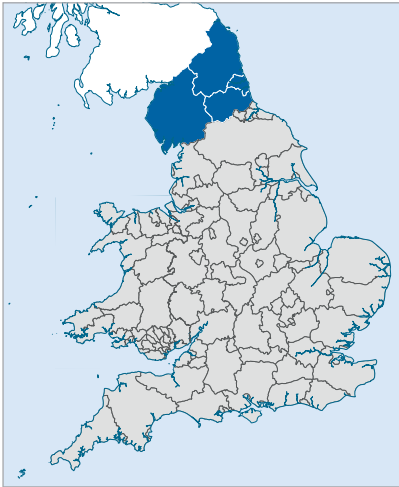

What's on offer:

- Free on site system audit to identify and prioritise system issues
- Free consultancy to produce a customised roadmap per club for system development
- Preferred pricing available from Dallmeier's three authorised partners
- Funding support via the FSOA to support acquisition – on application
- Short term rental of installations for local derby and higher category games with FSOA part funding

Approach a refresh of your existing CCTV towards an IP-HD VSS in simple stages:

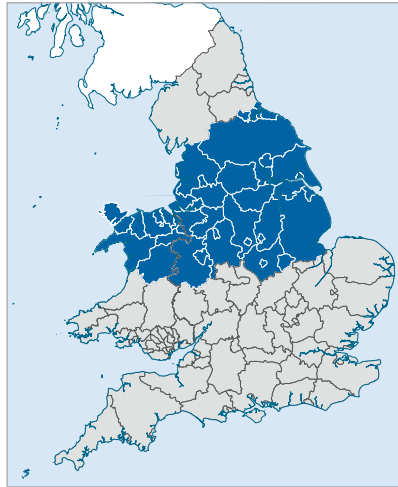

- Refresh your recorder
- Refresh your cameras
- Upgrade your VSS to IP - HD
- Possibility of Multi Focal Sensor Cameras - Purchase or Rent for a one off game
